

VOLVO CORK WEEK

IN PARTNERSHIP WITH JOHNSON & PERROTT

The new format for Volvo Cork Week 2018 is provided in response to feedback received in our 2016 Competitor's Survey on the type of event competitors prefer

How will this exciting new Format 'Build your own Regatta' work for you?

- Volvo Cork Week is still a weeklong event, however, within Volvo Cork Week 2018 there are new options for standalone entry into separate coastal and inshore sailing events.
 - Competitors can choose to enter whichever type / length of event is preferred:
 - Enter the whole week*
 - Enter just the Offshore & Wrecks Series*
 - Enter just the Inshore Series (Thursday & Friday)*
 - If you are only doing the Monday/Tuesday (coastal) or the Thursday/Friday (inshore) series, you have the option to add the feature Harbour race on Wednesday 18th for a daily rate.
-

I can't do the full week – what can I enter?

Monday 16th & Tuesday 17th July - Wrecks Series

Coastal courses - longer legs - various wind angles - interesting scenery along the Cork coast

Only Beaufort Cup competitors will be sent around the Fastnet *(unless significant expressions of interest are received)*

Wednesday 17th - Harbour Race

'Around the Cans' in Cork harbour - big fleet starts, major spectacle, a feature day ashore and afloat.

Thursday 18th & Friday 19th July - Inshore Race Series

Short laid courses and multiple races planned per day, for every fleet

(The white sail fleets may be sent on longer 'around the cans' courses)

The Volvo Cork Week Cup for the overall winner of Volvo Cork Week will be awarded on the basis of 5 days of racing (Monday 16th to Friday 20th July, 2018)

Saturday 21st July – RCYC Club regatta day

If you have entered VCW for 3 or more days, you are invited to participate at no charge to this separate event & family day ashore. Entry on the appropriate daily rate is also available.

Super Early Bird Offer: Enter Online by **30th December, 2017**
to be in with a chance to have your full entry fee refunded!
